

From the freeway (I-5) head toward Ashland. Take the first left on Eagle Mill. As you approach the bridge, take the left under the freeway on Eagle Mill (if you go over the bridge, you went the wrong way). As you approach where the road will naturally want to take you on a hard right onto N. Mountain Avenue, slow down, check for oncoming traffic, and go straight ahead on to the dirt road. This is our driveway at 1320 N. Mountain Avenue. Follow the signs to the parking area and come on in.

From downtown, you have two options:

From Siskiyou Blvd, Take N. Mountain past the high school (on your left) and stay on N. Mountain Avenue past North Mountain Park (on your right). Go over the freeway and come to a stop (if you look straight ahead you will see the Tasting Room up on the hill). Take a left onto N. Mountain Ave and the road will curve to the right a bit. Just as the road wants to take a hard left and become Eagle Mill, slow down and take a hard right onto the dirt road. This is our driveway at 1320 N. Mountain Avenue. Follow the signs to the parking area and come on in.

From N. Main, take Oak Street all the way down to the creek. Once you have gone over the bridge, take a hard right and go under the freeway on Eagle Mill. As you approach where the road will naturally want to take you on a hard right onto N. Mountain Avenue, slow down, check for oncoming traffic, and go straight ahead on to the dirt road. This is our driveway at 1320 N. Mountain Avenue. Follow the signs to the parking area and come on in.
